I. Overview

Biola Youth Academics offers a supplementary education program at campuses and extension sites throughout Southern California and online for youth whose population consists of students, ages four to eighteen. Students are instructed in the disciplines of Bible, Humanities, Mathematics, Science, Foreign Language, Electives, and Athletics. It is the commitment of the staff that the students are taught in an environment where they can receive a quality learning experience while being adequately supervised. The purpose of this document is to define terms, describe policies, and clarify procedures that will both enhance the learning environment and provide quality supervision of the student population.

  - Safety policies and procedures.
  - Emergency preparedness, which includes a communication protocol.
  - Obligations under the California Child Abuse and Neglect Reporting Act.

V. Policies

- It is forbidden for an adult to be alone with one student. There should be other students, an unrelated adult, or a Staff member present.
- Open Door Policy: doors of classrooms or offices where meetings with students are taking place should remain open unless there is a window in the door or a side window beside it. Doors should never be locked during class time except during an emergency.
- Adults who have access to student areas must wear specific name badges at all times (Biola University name badge, instructor or tutor nametag, Parent Volunteer lanyard, Parent Participant lanyard, visitor nametag).
- Restroom visits: Staff, Parent Volunteers, and Parent Participants should not be alone with a student in a bathroom with the door closed and should never be in a closed stall with a student.

VI. Reporting Guidelines

According to the California Child Abuse and Neglect Reporting Act, certain individuals, including educators and educational administrators, are required to report known or suspected child abuse or neglect. All Biola Youth Academics Staff, instructors, and tutors are considered mandated reporters under this law. Child abuse or neglect must be reported when one who is a legally mandated reporter “…has knowledge of or observes a child in his or her professional capacity, or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse or neglect…” (Penal Code 11166(a)). Allegations of suspected child abuse or neglect will be reported immediately to law enforcement and/or child abuse authorities according to California State Law and to the Biola Youth Academics administration.

VII. Signed Statement of Policies

A signed and dated form indicating that Staff, Parent Volunteers, and Parent Participants have read and understand the policies will be used and kept as part of Biola Youth Academics records. I have read and understand the above Biola Youth Academics Child Protection Policies and Procedures.
